Winemaking

Oriele Pinot is lifted aromatically with great finesse, typically expected from pinot noir at our Coal River Valley Vineyard. Warm, dry conditions brought an early start to the 2025 harvest, with the grapes showing attractive depth and concentration of flavour. The grapes were harvested by hand and sorted into small open-top fermenters, with the inclusion of a good portion whole bunch to add structure and aromatic complexity in the finished wines. The wines were handled gently through fermentation and after 2 weeks on skins, the free run portion was gravity-drained from tank and barrelled down to a mix of new and used French oak. The wines underwent malolactic fermentation in barrel and were matured for 10 months before most outstanding components were selected for this top tier blend.
