Clone	D1V7
Vine Age	5+
Location	Tamar & Coal River Valleys
Wine Analysis	ALC 12.5% pH 3.05 TA 7.10g/L
Certification	In Conversion to Certified Organic

Winemaking

This wine is a blend of fruit from our Tamar Valley vineyard and our new site in the Coal River Valley. The grapes were harvested in mid-March, chilled, and gently pressed to tank. The free-run portion was cold-settled and racked, while the pressings were lightly fined, racked, and reincorporated with the free-run prior to fermentation. The juice was inoculated with an aromatic yeast and fermented at cool temperatures until dry. The resulting wines were matured for 5 months on lees before the final blend was assembled and bottled.
