Location	Tamar Valley
-----------------	--------------

Wine Analysis	Alc 12.8% pH 2.88 TA 9.30g/L
----------------------	----------------------------------

Certification	ACO Certified Organic Vineyard
----------------------	--------------------------------

Winemaking

Pinot Noir and Chardonnay were harvested from our Tamar Valley site in March 2024. Fruit was gently pressed and fermented separately in stainless steel, with no-MLF, to retain freshness before being blended and tiraged in January of 2025. Wine remained on lees in bottle for 20 months and was disgorged in September 2026. 4g/L dosage was added at disgorging.
